SECOND EDITION

ABOUT THE EVENT

About the Mixer

Founders Mixer 2.0 brings founders from Raipur and across Chhattisgarh together with IIM Raipur students for an afternoon of short introductions, founder-to-founder networking and unhurried conversation over high tea. Formal proceedings stay brief; the room belongs to the conversations.

**WHERE IT STARTED · 11 OCT 2025**

The first Founders Mixer put founders in a room with IIM Raipur students. Those conversations turned into valuable networking and mentorship sessions. Founder's Mixer 2.0 builds on that format.

What the Mixer is built for

01**Founder-to-founder networking**

Meet founders from other sectors, trade notes and explore partnerships.

02**Founder-student interaction**

Connect directly with IIM Raipur students for live projects, internships and collaboration.

03**Ecosystem engagement**

Strengthen ties between IIM Raipur and founder organisations across Raipur and Chhattisgarh.

04**Relationships that last**

High tea and structured activities keep conversations going well past the formal sessions.

PROGRAMME FLOW

The Day's Flow

- Guest / institutional address
- Partner / ecosystem address
- Founder introductions & startup stories
- High tea & informal networking
- Founder interviews & content capture
- Closing & group interaction

Founder introductions may run selectively or in a structured format depending on the final number of confirmed founders, so networking stays the focus.
